Possible Threat to Schools

******* Not for Media or Public Release *******

Information was received through the National Center for Missing and Exploited Children regarding a possible threat toward schools. The below pictured individual, has made a very non-specific threat that his marksmanship score will determine the amount of ammunition he intends to bring to school. This threat was not directed to any particular school in any particular state, and efforts to track down information through his IP address have been unsuccessful.

This information is being provided as a precautionary measure and with the hope someone in the educational system will recognize the individual. This information is not to be provided to public or media sources. Information regarding the possible identity of this individual may be sent to the Missouri Information Analysis Center, toll-free at 1-866-362-6422 or to any law enforcement agency.
